Promotional Material & Referral Process : Smokefreelife Somerset

We have received an extremely warm welcome from Pharmacies across Somerset and we are very much looking forward to delivering the stop smoking service from the 1st April.

Please find enclosed a range of promotional materials for your practice to begin advertising the Smokefreelife Somerset Service.

In response to queries we have received please find enclosed a revised Pharmacy SLA, which includes the prerequisites needed in order for your practice to deliver the service. We do not envisage setting targets for individual pharmacies and your organisation is free to leave the SLA at any time.

We recently attended the LPC meeting and have since been in discussions with Matt Harvey and PharmOutcomes to integrate our Stop Smoking database. We aim to have this in place prior to the 1st April and will provide further guidance as this develops.

www.smokefreelivesomerset.co.uk will go live on the 25th March. Electronic referrals can be made via www.smokefreelivesomerset.co.uk/referral as well as expressing an interest in attending specific training sessions via the training calendar.

If you have any questions in the meantime regarding any aspect of the service please do not hesitate to contact:
